LETTER FROM
THE ASSISTANT EDITOR

Hello

You are probably wondering where Kevin is - well he is wondering back after meeting up with Stuart & Kim in the middle of Australia.

It's not long time until the AGM in October - the opportunity to stand for a committee position is fast approaching. While the workload is not arduous and it is a great way of contributing back to AWDC community. I hope you will think about putting your hand up. You will be joining a group of other passionate Members forming the 2020 Committee.

Kirsten

Editor

(Actually he has wandered back from there, and is now finishing the magazine from downtown Jelenia Gora in Poland. Many thanks to Kirsten for doing the bulk of the editing this month.
And now I have edited the mag from beautiful Werri Beach, Broome, Longreach and Poland...next month will possibly be from Canada!)

LETTERS TO
THE EDITOR

Hi Editor,

There will be no merchandise at **August** or **September** meetings as Jenny will be away.

If you would like any clothing, books or aerial kits please order and pay through the shop dropdown on AWDC website. You can pick items up from Lane Cove between 19th August and 7th September or, alternatively, Jenny will try to organise for someone else to bring to monthly meeting.

Also, anyone interested in taking over the purchasing officer/AWDC shop role at AGM please let Jenny or President know. It is not a very onerous job and is a good way of connecting with other members.

VICE PRESIDENT REPORT

BRIAN SOMMERVILLE

Hi all,

Many thanks to Matt Geluk from Time2Shine at Narrabeen for coming along last month. Lots of great tips on preserving your investment, old or new.

This month I hoping to encourage one of our long time members to chat about 4WDing in the 60's. From some of his fireside chats there should be some great laughs and "wow things have changed" moments.

Then of course comes the AGM in October. Currently putting together the shopping list. This year we're aiming to have all prizes upwards of $50 and a total spend of around $7000 which would have to be the biggest prize pool in the club's history!

See you in October.

Cheers
Brian

WEBMASTER REPORT

Mark Kortink

Hi 4x4 trippers,

4x4 recovery is a topic of frequent banter over the UHF when on trips. Over my time I have joined 5 different 4x4 clubs and had recovery training in each, been trained on an independent 4x4 training course, carried out a dozen or more recoveries, and been recovered myself a fewer number of time. I have also read some articles about this. It is amazing how many opinions there are! I have an urge to write down my thoughts, which I believe are consistent with the clubs training.

1) Principles:-
   a) Stop, calm down, assess. Safety comes first, is everyone safe?
   b) Start from the gentlest possible option, only go to more aggressive options if the ones you have tried didn't work.
   c) The recoveree has final say and veto rights over how s/he is recovered.
   d) Nominate an experienced recovery leader, they lead the recovery. If no one steps forward or it can't be agreed, the recovery leader is the trip leader or whoever s/he appoints.
   e) Get onto it, don't stand around yakking. Recoveries can waste a lot of time.
2) The options in increasing aggressiveness order: -
   a) The gentlest option is road building and digging out, and this can be combined with the other options. Maxtraks fit into this option, they are mini roads. Consider lowering you're tyre pressure.
   b) The next gentlest option is a gentle tow over a minimal distance (you can use a snatch strap as a tow rope, just don't snatch!). If this doesn't work a very light tug may do it.
   c) Next up is a single straight-line winch. In the distant past winches occasionally killed people, which is why some people still think they are more dangerous than snatching.
   d) Next up is multiple winches possibly with snatch blocks, this takes a lot of time and requires an experienced recovery leader.
   e) The last resort, which has been known to kill people in recent times, is a full blown momentum-based snatch. Unfortunately this seems to be first choice for young men with too much testosterone and not enough sense.
3) Use the techniques and tools properly. E.g. weight over winch cable, stick through strap eyes, etc.

Cheers
Mark

TREASURER'S REPORT
Fiona Wilson

All Wheel Drive Club - Treasurer's Report for the Year Ended 30 June 2019

The year has been financially successful with the Club making a profit of $8,817.23 and is in a strong position moving into the 2019/2020 financial year.

Matters to note for the financial year ended 30 June 2019 include:

1. Membership has grown to in excess of 300 members by the end of June 2019. Consequently, membership income has significantly increased. This is mainly attributed in the growth of new single memberships.

2. Advertising income has remained consistent. Thank you to all the Club's sponsors for their continued support of the Club. For the newer members to the Club, there a 2 off-site monthly meetings held at our sponsors -March - Battery Business and November - ARB.

3. The Club received a NSW government grant of $1,250 which represented 50% of the purchase price ($2,500) of a new defibrilator. Please contact the President if wishing to use the defibrilator on a trip.

4. The Club has continued to support the subsidised member training in particular the First AId training. Unfortunately, the "Know Your Vehicle" courses run in the 2018 year, were not able to be run in 2019.

There has also been regular driver training conducted. The costs of driver training has decreased due to significant book purchases made in the 2018 year. With little stock remaining, the Club will be making an order in the forthcoming months.

The Committee would like to thank all members who have given up their time to help organise and run the respective courses.

5. The Club offers various merchandise including antennas from our sponsor RFI Industries. In support of our sponsor, please consider these products when making appropriate purchase decisions.

The Club on-sells this merchandise to members with little margin and as such there is little profit made on sales. As in previous years, this is a conscious decision to benefit club members and encourage all members to utilise and wear the Club attire.

Finally, thanks goes to Jenny Cammell for her efforts in maintaining and selling the Club's stock.

6. The term deposit has remained consistent at $50,000 and has been rolled over for a further 12 months at the best available rate at the time. Interest is paid upon maturity.

7. Unfortunately due to circumstances beyond the Committee's control, the Trophy could not run as planned. However, an abridged event was still run and enjoyed by the participants.

All members are encouraged to attend the 2019 Trophy weekend which is scheduled on 12-13 October 2019.

8. The Committee would like to thank Sandra Parkin for her efforts in organising the monthly raffle. All proceeds of the raffle go towards the Monster AGM raffle in October.

9. As the Club has been profitable, there has been an increase in donations made to various worthy charities - Drovers Run $200; Scouts Australia $250 and Lions Club (drought aid) $1,000.

The Club's current charity is Drive4Life. Currently we have collected $ 993.40 via members fines. With several months more of collections, members are encouraged to 'report fineable offences' to the Club's Sergeant at Arms (Harold Zev) and to dig deep!

Finally please find attached the Balance Sheet and Profit & Loss for the year ended 30 June 2019. These will be presented at the forthcoming AGM for member approval as a true and fair representation of the Club's activities for the year ended 30 JUne 2019. I encourage members to take some time to peruse the reports as these will need to be ratified at the AGM.

If there are any queries, do not hesitate to call me or email me at treasurer@awdc.com.au

Until next time,

Fiona

AWDC Treasurer's Report for the month of August 2019

As August is a non reporting month, points to note for the month are:

1. Raffle proceeds collected for July and August 2019 was $77 and $185 respectively.

2. Fines collected for the Club's charity was $125.15 bringing the accrued total to $1,118.55.

3. Membership renewals for the financial year 2019/20 were issued on 1 June 2019 and are due and payable by 1 July 2019. For those members who have yet to pay their membership, please be aware that to participate in the Annual Monster Raffle at the Annual General Meeting in October, your membership has to be current.

4. The completed financial statements for the year ended 30 June 2019 are attached in the current magazine. The Club is in a healthy financial position and is fully capable of paying its debts as and when they fall due.

Members will be asked to ratify these financial statements at the forthcoming AGM to be held in October 2019.

If there are any queries regarding the Club's finances do not hesitate to contact me at treasurer@awdc.com or at the monthly meeting.

Until next month,

Fiona

DRIVER TRAINER REPORT

Steve Cox

I hope everyone has been getting out and about during the winter months - perfect time for outback trips as well as getting up to the warmer climes of the NT, WA and QLD. We have just returned from a 11000 km trip through the desert and up to the Kakadu/Litchfield areas. What really struck me on this trip is just how many people are out and about these days - and how many of those have obviously never done any kind of 4x4 training. Luckily for me as the trip leader, I knew that everyone behind me had done out clubs training weekend, had some skills and knew the clubs etiquette - these are the main reasons we insist on all new members participating in our training weekend and theory night.

If you haven't already done your training, please get onto the calendar and sign up. We have postponed the August session to September due to low numbers, so now is the perfect time to come along so you can be trained before the Trophy weekend in November.

See the Website for minimum requirements.

BOOKINGS:

Please book via the website.
Booking the practical weekend will automatically book you into the theory night the Tuesday prior.
There is a minimum of 4 vehicles to run driver training and a maximum of 8.
All the dates are in the calendar.

TRIP CO-ORDINATOR REPORT

Joc Mannes

As our last club meeting was already mid August there hasn't been much time for things to happen.

A remote area first aid course ran with 15 attendees. The trainers even took the group outside and practised in a bush environment.

Dave Knight and Adrian Scott headed onto the Newnes plateau for a weekend of C grade tracks.

Various desert groups finally returned to Sydney after their adventures.

The Killingworth night drive was cancelled. Perhaps the Yalwal trip report last club meeting sobered up a few possible new A grade drivers.

As I write this Michael DeZwart and Tony Fussell are leading a large group on a caves to caves trip. Brian Sommerville is packing his bags for "a week of wandering" in western NSW. Likewise Paul Brennan's group will be preparing for their Cape York expedition.

The girls weekend is still looking for more girls, as is Adrienne's Central West long weekend explorer.

The biggest and best C grade trip ……..THE TROPHY …….. Has so far less than 10 entries!!!!!????? What's going on? This is a great weekend for newbies and long time members alike. Go register now!

When out on the tracks please remember we are on the public highway. All the road rules still apply. Alcohol 0.05. Seatbelts. Child restraints. Speed limits. Due care and attention etc etc

HERE'S A LINK TO THE CALENDAR. THE TROPHY IS ON THE WEEKEND OF OCTOBER 11

TRIP GRADINGS

ALL WHEEL DRIVE CLUB

Grade A – Extremely Difficult

Suitable for very experienced drivers who want a challenging trip with extreme track conditions. Vehicles must be equipped with suitable modifications such as snorkel, high ground clearance, significant wheel articulation,over sized tyres and at least one diff locker. Both driver and vehicle must be prepared to handle situations that test their ability. Specialised recovery equipment may be required.

Grade B – Moderate to Difficult

Suitable for experienced drivers only. Vehicles to have increased ground clearance and wheel articulation. May involve very steep hills, large washaways, mud, rock steps, deep ruts, soft sand, difficult creek crossings, deep bog holes and deep snow which may involve winching and other specialised recoveries. Both driver and vehicle must have the ability to handle situations.

As approved by the AWDC Committee
27th August 2009

Grade C – Moderate

Suitable for experienced drivers with unmodified vehicles, may involve soft sand, steep hills, washaways, bog holes, ruts, mud, snow, slippery tracks and deeper creek crossings.

Grade D – Relatively Easy

Suitable for all Club vehicles. May involve sand, mud, forest tracks, moderate hills and shallow creeks.

Grade E – Very Easy / Social

Little or no four wheel driving involved, driving on unsealed roads. Trips usually designed for touring, camping and social events. May involve easy to get to base camp then optional four wheel driving from there.

Grade X – Exploratory

Exploratory, generally suitable for experienced drivers as the degree of difficulty is often unknown. Enquire with the Trip Leader.

NSW Association

Reporter Malcolm Crabbe

The 4wd NSW/ACT Association ("the Assn") held its latest Quarterly meeting at Beresford, Newcastle, on Saturday 17th August.

After much vigorous discussion, the members ratified the Assn's dis-affiliation from the National body, due to the ongoing process and communication issues considered unsatisfactory by our Assn. The National Association is effectively being run by the Qld Association with involvement of the WA Association. However, the Assn's committee is to write to the National Association and advise that it is still our desire to re-affiliate with the National Association at some point in the future when the Assn is satisfied that the National operating in accordance with its constitution and with transparency and proactive communication with its member Associations. There is little expectation of a positive response to this communication under the current management and any re0-affiliation is unlikely to occur in this financial year.

Given the dis-affiliation, the Assn has taken out insurance on member clubs' behalves and the clubs will receive a rebate of the National affiliation fee per member in due course.

Four NSW clubs (ERA, LROC, Nissan Patrol, Suzuki 4wd) and 5 Qld clubs (tba) sought membership of the Assn. The NSW clubs were approved but the Qld clubs were only approved pending clarification of a constitutional issue of their ability to join the Assn. The 5 Qld clubs dis-affiliated from their Qld Association some 2 years ago for the same reasons our Assn dis-affiliated with National.

The Assn is working together with Club4x4 insurance to put together a program called "Rigs and Roles" which aims to support the work of mental health organisations such as Black Dog and Beyond Blue. The proposal is for club members to meet at certain suitable venues with their rigs and be available to just talk to those troubled souls (mainly men) who need or want someone to talk to. It will operate at various venues and times throughout the state and would typically be from 9am to 12pm on a Saturday. Dates are yet to be forthcoming but the first is expected late October/early November. Its open to anyone with a 4wd, not just club members, who wish to help out.

The 4wd Adventure show is on 6th to 8th September and will have occurred by the time you are reading this. 19 of the 20 club stands have been taken up and while there's been good support by club volunteers, more are needed.

There have been a few glitches with volunteering on the NPWS website, but this has been fixed now. Whilst volunteers can nominate on individual basis, the Assn would like people to nominate as part of the Assn. This helps to give our Assn status and influence in our discussions with NPWS . Our Assn is only state where this can occur (at the moment).

The NSW government has purchased Tugalong Station to provide land for koalas and to form part of a natural corridor from there to Balangalo and beyond.

The working group (ACMC?) has prepared a guidance document on bullbars which is with the Minister for consideration. However, bulbar legislation is not going to change just yet. Following a series of tests conducted by RMS, safety groups have now acknowledged that bullbars and needed in country areas.

There is also another panel being formed, including our Assn president, to prepare a guideline document for GVM, GCM and all things towing. New legislation is coming shortly and was to have already been enacted but for lobbying by importers. This is being driven by recognition of the large number of single vehicle accidents and deaths involving towing vehicles. Vic and Qld police are very active on weight checking and NSW is starting to do so. Check your loaded rigs and drive overweight at your risk. It may be very inconvenient to have to shed 150kg in the middle of nowhere for example, no less the problem of voiding your insurance in case of accident.

There was a report of a club member who was fined by police for having towing mirrors on his vehicle while not towing. Apparently, these can't be more than 100mm wider than the standard vehicle when not towing. Another, heads up, as unlikely as it may be to be caught, you cannot use your mobile phone to "tap" pay in a fast food drive through.

There has been a meeting with the Minister and will be with the local member for Lithgow on keeping Mt Airly open. The push is for the continuation of a 6 year trial usage by clubs and other registered users.

Other interested parties are looking at the white paper prepared by the Colong Foundation on usage of the Newnes Plateau. The Assn's Lithgow project (direction signposts in the NP and SF) is near completion and is standing us in good stead for a say in future usage.

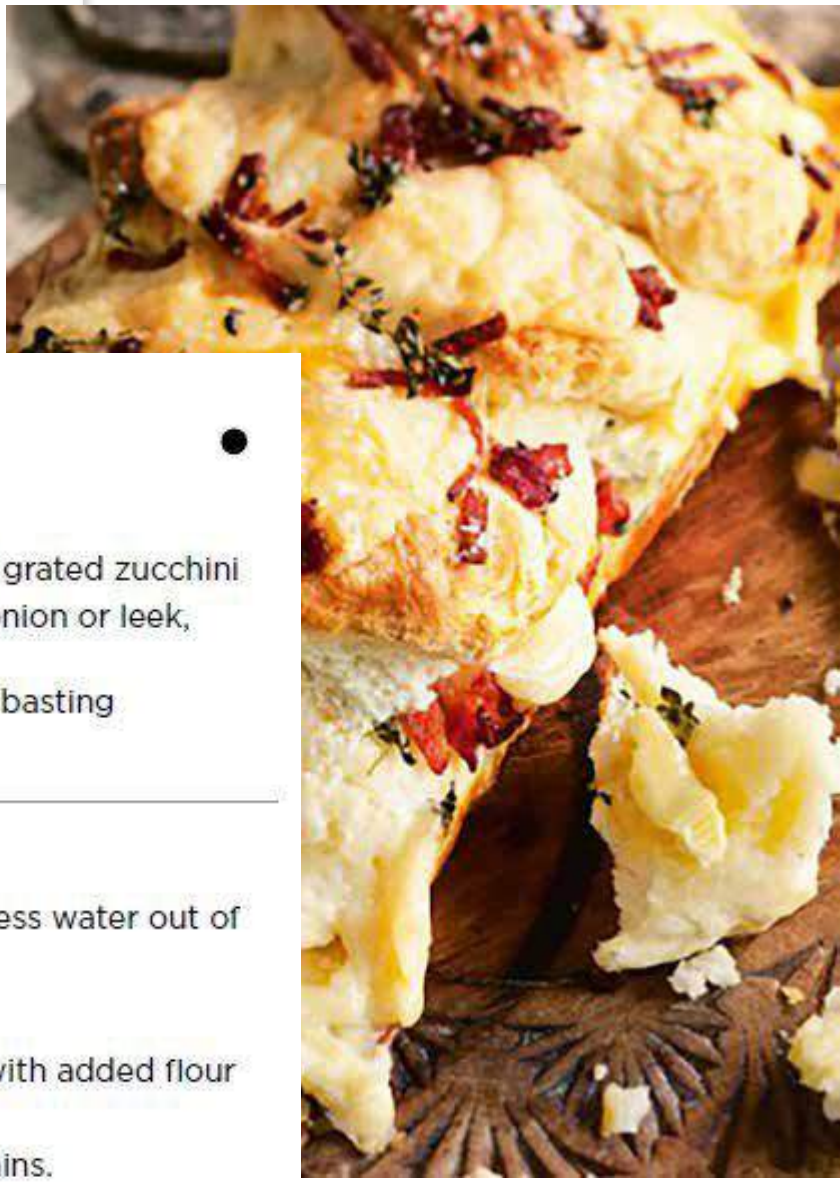
AWDC MEMBERS' Favourite Recipes



CHEESE & BACON DAMPER

INGREDIENTS

- 4 cups self raising flour
- 1 stubbie of beer or a can of lemonade
- 1 cup of grated cheese
- 1 cup of diced bacon
- 1 cup of grated zucchini
- 1 large onion or leek, diced
- milk for basting

METHOD

1) Mix flour & beer in bowl. Squeeze excess water out of zucchini with paper towel.
2) Add all ingredients together & mix.
3) Place out on floured board & shape with added flour until dough isn't sticky.
4) Shape into a ball & let stand for 30 mins.
5) Baste with milk & place on trivet in preheated camp oven.
6) Bake until golden - 30 mins approx.

Donna's Tip: be careful not to burn top by loading camp oven lid with too many coals.

Enjoy!
